QUALITY CARE AT OUR HOSPITAL AND OUTPATIENT CENTERS

HEART

Our experience, knowledge, and technology help patients reach and maintain their optimal level of heart health. Services include: medical cardiology, emergency services, cardiac catheterization, diagnostic testing, intensive/coronary care and cardiac rehabilitation, and heart-smart programs to help you stay healthy.

SURGERY AND ORTHOPAEDICS

The experienced surgical team at Grand View uses technological advances to treat injured and diseased areas of the body. This helps reduce side effects, shorten hospital stays, and speed recovery. Talented orthopaedic surgeons address the source of pain and limited mobility. Grand View's Joint Replacement Center is the only one of its kind in the area.

WOMEN'S AND CHILDREN'S HEALTH

Board-certified OB/GYNs offer superior services—ranging from women's health to maternity care. Grand View offers classes on family and women's issues, including labor and delivery, parenting, and stress reduction. Affiliated with the Children's Hospital of Philadelphia (CHOP), Grand View operates the region's only pediatric unit.

CANCER

Grand View's Regional Cancer Program offers patients sophisticated technology, the latest treatment options, and talented physicians and staff in a physically and emotionally supportive environment close to home.
