Summer Camp

June 14th - August 20th 2021

2/10/2021

Dear Families,

We are looking forward to warmer weather as we begin to plan for GVHCC Summer Camp 2021! Since things are still not back to normal concerning Covid-19, we are not able to announce our entire summer schedule at this time. As we move towards the summer months, we strive to offer a summer camp that is fun, diverse, and engaging, while also keeping in mind health and safety as it relates to Covid-19. We plan to offer in-house activities along with a handful of field trips to places that are outdoors, such as the zoo. We have been in touch with the bus company, and they have assured us of the health and safety procedures that they have in place, such as limits to number of people allowed on the bus, disinfecting between trips, face coverings etc.

We are still waiting to hear back from some venues to decide how they will be operating this summer, including the pool and certain field trips. Once we have the necessary information to help us make informed decisions we will update the summer calendar and inform our families.
